

WASTE MANAGEMENT

Please dispose of rubbish in the compactors or open top bins situated in each loading dock. Under no circumstances should rubbish from individual stores to be placed in the centre’s ‘common area’ bins.

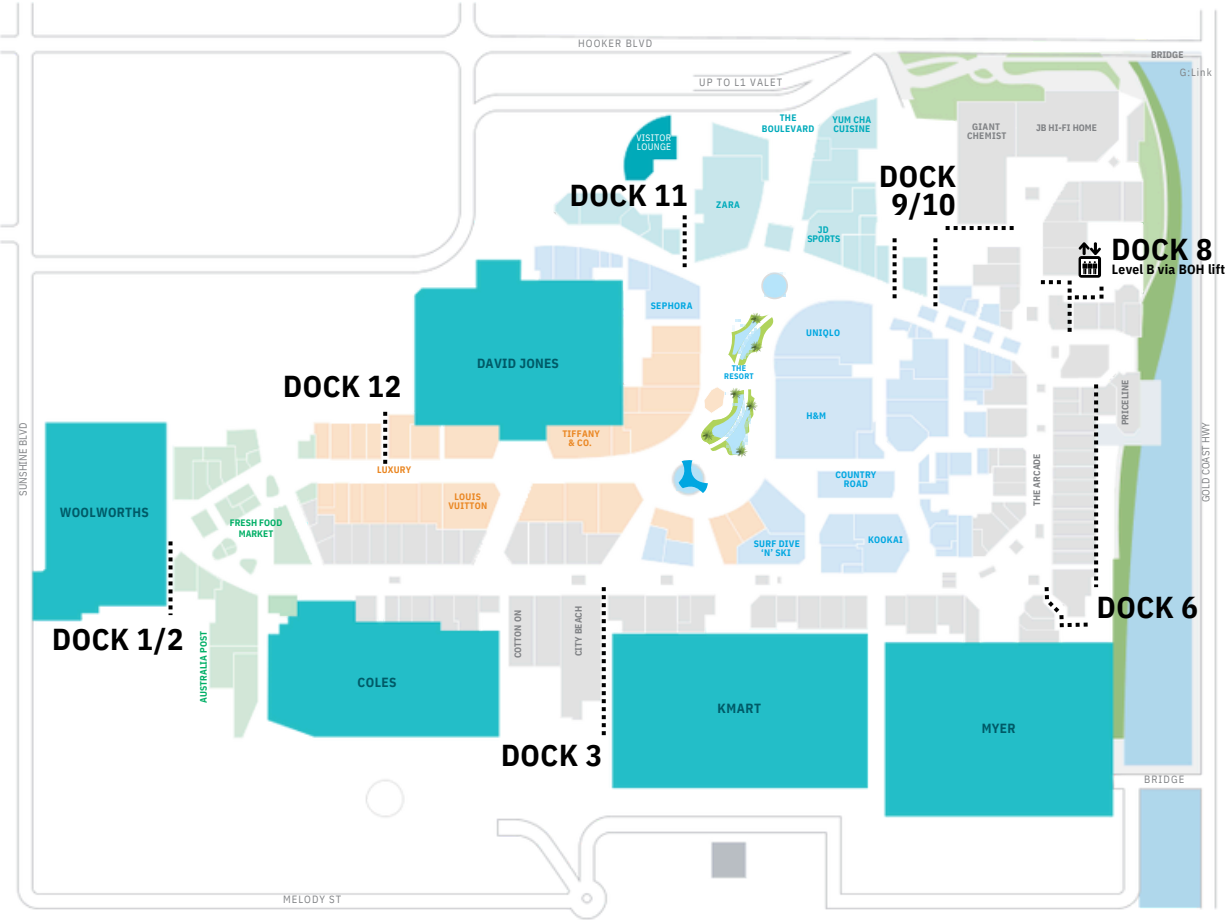

The compactors have restricted access to ensure only centre retailers can utilise them for waste disposal. Each retailer will be issued a pin code after completing essential training on how to use the units. Contact the Dock Master for details about training and pin codes. The compactors are designed with safety in mind and have various safety features built into the unit. Shop fittings are not considered regular rubbish and need to be disposed of by the store staff or contractors.

Pacific Fair is committed to building a sustainable future and has incorporated the principals of sustainability throughout all facets of its operations. This commitment is demonstrated through a reduced environmental footprint across the property which is part achieved through increasing rates of recycling and landfill diversions. Loading Dock 2, 3, 6 and 10 have state of the art compactors and various recycling options for tenants to dispose of their rubbish accordingly. Please report any issues with compactors immediately and do not leave rubbish if the compactor is not working. Fees apply if Centre Management need to dispose of rubbish left at compactors.

Please contact Dockmaster on 0411 678 596 or via email at pfdockmaster@assetlink.com.au.
